Grant Elementary Student Drop-Off/Pick-Up Map

The safety of our students is our Number 1 priority at Grant Elementary. Please follow the rules on the posted signs, street markings and this map to ensure that all students are safe before and after school.

Other options that may help with traffic before and after school:

• Drop off your child between 8:30 and 8:40.
  • Pick up between 3:20 and 3:25.
• Have a designated meeting point; suggest your child arrives quickly to that point and is watching for you.

While active loading and unloading zones are congested for a few short minutes after school, it is important that we remain patient and avoid asking our children to cross an unattended street to be picked up.
