

Absences

Regular school attendance is required by Utah State Law, but more importantly, it should be remembered that learning is an on-going process with each concept solidly attached to those that preceded it and those that will follow. Therefore, to ensure that concepts and skills are consistently learned, regular school attendance is necessary.

In the event of an absence, parents are requested to notify the school (call and leave a voicemail or email before 9:15 a.m.) and indicate the reason for the absence.

Please schedule appointments after school hours. We discourage students from staying out of school for vacations or babysitting activities. Habitual absences could cause the school to report such absences to county social services.

In accordance with State Compulsory Attendance Laws (53A-1 1-10 1) every school age child must be in school. The parents are responsible for their child's regular school attendance. It is a misdemeanor if you fail to have your child in regular attendance. After 5 unexcused absences the procedures set forth in the Utah Compulsory Attendance Laws will be followed and enforced.

A complete copy of our attendance policy can be found on our school website: grant.murrayschools.org (Regular Attendance Policy is suspended for the 2020-21 school year)

Tardiness

Promptness is crucial to a smooth start of each school day. When students are tardy it is disruptive to the teacher's teaching and the other students' learning time. It is also discouraging to the student who arrives late as they are behind in instruction and many times have to make up the lost time by having additional homework or missing out on other preferred activity time. Please insist that your child begin the school day on time. Students will be required to make up the class work they have missed. All tardies are recorded. Excessive absences and tardies may be reported as educational neglect. Parents will be notified regarding excessive tardies and/or absences before further action is taken. Any student arriving late to school must check in at the office to get a tardy slip before going to class.

Release during School Hours

It is imperative that children stay on the school grounds from the time of their arrival until dismissed. No child is to leave the school grounds during regular school hours for any reason unless he/she has written permission from his/her parents. For a student to be dismissed early from school, parents are required to come into the office and sign their children out. Please do not checkout your student early to avoid waiting in traffic; this disrupts the teacher as she/he is giving their final instructions of the school day.

Staying after School

In accordance with Murray School District Policy PS 419.1, parents will be notified in advance if students are asked to remain after school. On occasion, students may stay for special projects or extra help.

Visitors

For safety and liability reasons, all visitors must sign in and wear a visitor sticker after they enter the school prior to visiting students or teachers. This will allow us to monitor who is in the building. Parents are welcome and encouraged to visit the school. If you wish to do so, please contact your child's teacher in advance, as visits or interruptions during school hours without prior arrangements are disruptive to classroom activities. Your cooperation is greatly appreciated.

At Grant Elementary, our number one priority is to ensure that students are receiving optimal instruction time while here at school; therefore, parents who need to get school supplies, lunches or other necessary items to their students are required to leave them in the front office. We will ensure that the student receives the necessary items at a time that is minimally disruptive to them and their class.

Students may not attend classes unless they are enrolled as full-time students in Grant Elementary School. Occasionally a child asks to bring a cousin or friend to spend the day with him/her. We are unable to grant permission to visit because of school liability reasons.

HEALTH

Students entering Kindergarten and all others new to Murray schools must be immunized for hepatitis

A/B, varicella (chicken pox) diphtheria, pertussis, tetanus, poliomyelitis, measles, mumps, and rubella. Verification of birth date (birth certificate) is also required.

Any significant health problem of a student should also be reported to school personnel at the time of registration. It is critical that both the school secretary and the child's teacher be made aware of health problems to ensure the safety and welfare of each child.

Health Room

Grant has a Health Room where injured or ill students visit when necessary. A parent, or other person named on the Emergency Card will be contacted when necessary. **Please let the office know when there is a change in address or phone number.** For the 2020-21 school year, we will have an additional sick room for well children with scheduled/unscheduled needs such as recess injuries or other healthcare plan items.

Student Medication

If children should require medication during school hours, parents and the student's medical provider must complete a medication release from the school office. No medications of any kind can be administered without the parent and medical provider previously completing this form. All medications must be prescribed by a doctor and be in the original prescribed container. Students are not to have any medications-including cough drops, etc. in their possession. Students with asthma, diabetes or allergies may carry self-administered medication with them only when a proper medical form, signed by the student's medical provider has been filled out, signed, and returned to the school office. A blank Self-Administration Form is available in our office. For more information, please refer to [Policy PS 437](#).

Contagious Diseases

Contagious diseases should be reported as soon as possible to the school to provide timely notification to health authorities and to parents of classmates. Exclusion from school is necessary for the period of contagion.

Vision and Hearing Screening

Students in Kindergarten through Sixth grade are given vision and hearing screenings at several different intervals during their elementary school years. If difficulties are discovered, parents are notified via a notice from the District Office. This notice may be taken to a doctor to complete a more extensive examination.

BULLYING

Bullying is unwanted, aggressive behavior among school aged children that involves a real or perceived power imbalance. The behavior is repeated, or has the potential to be repeated, over time.

Specific acts of bullying may include but are not limited to name calling, teasing, physical abuse, (e.g., hitting, pushing, pinching, or kicking), threats, taking of personal possessions, sending abusive text messages, direct/instant messages, internet e-mails, and phone messages, forcing others to hand over money, forcing others to do things against one's will, ignoring or leaving others out, attacking others in any way.

Such behavior is considered harassment or bullying whether it takes place on or off school property including but not limited to:

- any school building or on any school premises before, during or after school hours;
- on any bus or other vehicle as part of any school activity;
- waiting at any bus stop;
- any school function, extracurricular activity or other activity or event;
- and any time or place when the behavior has a direct and immediate effect on maintaining order and discipline in the schools.

Disciplinary Action

It is the responsibility of staff to use disciplinary situations as opportunities for helping students learn to assume responsibility and consequences of their behavior. Disciplinary actions will encourage students' abilities to develop self-discipline.

Since bystander support of harassment or bullying can support these behaviors, Grant Elementary prohibits both active and passive support for acts of harassment or bullying. The staff should encourage students to support students who walk away from these acts when they see them, constructively attempt to stop them, or report them to the designated authority.

Grant Elementary will ensure both the appropriate consequences and restorative responses are given to a student who commits one or more acts of harassment or bullying. The following factors, at a minimum, shall be given full consideration by the school administrator and staff in the development of the procedures for determining appropriate consequences and remedial measures for each act of harassment or bullying.

Factors for Determining Consequences

- Age, development, disability and maturity levels of the parties involved
- Degree of harm
- Surrounding circumstances
- Nature and severity of the behavior(s)
- Incidences of past or continuing pattern(s) of behavior
- Relationship between the parties involved
- Context in which the alleged incident(s) occurred

Consequences

Consequences and appropriate restorative actions for a student who commits one or more acts of harassment or bullying may range from positive behavioral interventions up to and including suspension or expulsion.

Consequences for a student who commits an act of harassment or bullying shall be unique to the individual incident and will vary in method and severity according to the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance, and must be consistent with the Board of Education's approved code of student conduct. Restorative measures shall be designed to: correct the problem behavior; prevent another occurrence of the behavior; and protect the victim of the act. The consequences and restorative measures may include, but are not limited to, the examples listed below:

Examples of Consequences

- Temporary removal from the classroom
- Loss of privileges
- Referral to disciplinarian
- In-school suspension during the school week
- Out-of-school suspension

Examples of Remedial Measures

- Framing the aggressive behavior as a failed attempt to solve a real problem or reach a goal. The adult assists the misbehaving student to find a better way to solve the problem or meet the goal.
- Restitution and restoration
- Peer support group
- Corrective instruction or other relevant learning or service experience
- Supportive intervention, including participation of an intervention and referral services team, peer mediation, etc.
- Behavioral assessment or evaluation, including, but not limited to, a referral to a Student Support Team, as appropriate
- Behavioral management plan, with benchmarks that are closely monitored
- Involvement of school disciplinarian
- Student counseling
- Parent conferences
- Student treatment
- Student therapy

Reporting

All individuals may report bullying, cyberbullying, harassment, or intimidation without fear of harmful consequences. Students, parents, close adult relatives, and/or staff may complete an electronic Bullying, Harassment, or Intimidation Reporting Form. This form may be obtained on the Grant website at grant.murrayschools.org. Once submitted, this report goes directly to the email of the principal of the school. A paper form can be obtained from the principal, the principal's designee, or downloaded from Grant's website. Completed forms should be given to the principal of the school or the principal's designee. Students can safely report to any adult in the building. The adults are responsible for directing all reports to the proper school designees.

CHARACTER EDUCATION

Character Development

Character development is an important element of Grant Elementary Schools' continuous school improvement process. Character development is to be included in all instructional programs for all students. The modeling of good character is expected of all staff and students; it is a powerful means of developing and reinforcing positive character in schools. Students who exhibit good character contribute to safe and orderly schools, student achievement, and positive student and staff morale. Character development includes the study and practical application of ethics and codes of conduct acceptable for society. It provides opportunities to develop skills necessary to determine right from wrong, understand consequences, and make appropriate choices.

Perseverance/Growth Mindset

At Grant Elementary we work hard to foster a sense of growth and perseverance in our students. We strive to empower students to understand that they can build themselves into anything they want to be. Intelligence, success, talents and so much more are fostered through a "Growth Mindset." Students with this mindset show significant motivation to learn and often increase their grades. They persevere through difficult tasks, try new things, and understand that all effort is appreciated, no matter how successful.

Bulldog Rally

Regularly on Friday mornings, Grant Elementary will have their Bulldog Rally. Grade levels will gather in the auditorium for 30 powerful minutes full of character education, student academic and character awards, faculty recognition, volunteer/community member recognition, school pride, cheers, songs and the fostering of a school community. During the 2020-21 school year, we are not allowed to have outside visitors attend.

SAFETY

Traffic Safety

- Heavy traffic in school areas necessitates careful observances of driver and pedestrian safety rules.
- Obey all traffic rules.
- Obey proper traffic flows. Parents needing to drop off or pick up children should cooperate with the school by using its designated location. Drop off and pick up your children only in the designated loading areas following the one-way only direction.
- Urge children to refrain from running or pushing other children into streets in front of cars. Please drive slowly and watch out for children who might run in front of your car.
- Please be considerate of other drivers and park only in the parking stalls provided, regardless of how long you plan to be in the building.
- Please see the Student Pick-Up and Drop-Off Map for more information.

Bus Safety

All parents should receive a copy of the Murray City School District Bus Safety Policy during registration. Please read this information and go over it with your student.

Walking Safety

- Crossing Guards will assist students in crossing major intersections. The crossing guards are present from 8:05-8:50 AM and from 2:40-3:10 PM (1:10-1:40 on Wednesdays). Please encourage your children to walk on the sidewalks or designated crosswalks for their protection. For their safety, children should not leave the sidewalk until all traffic has stopped.
- Roller blades, roller shoes, scooters, skateboards, and bikes are not to be used on school

property. Scooters may be stored on your student's coat hook; bikes must be locked (provide your own chain) in the bike rack.

Bicycle Safety

A bicycle parking area is located in the back of the building. The bicycle area is not secured. Bikes should be placed in the bike racks and securely locked with personal locks. Review with your children the bicycle safety rules. For safety reasons, please walk bicycles on and off school grounds. Bicycle riders must follow the directions of the Safety Patrol members and traffic crossing guards. The school and district are not liable for stolen bicycles.

Playground Safety

Teachers and Playground Aides supervise recess activities. Rules governing playground conduct are frequently reviewed. Our lunch and afternoon recesses offer a variety of games and free play where all playground equipment is provided. Personal playground equipment is not allowed at school during the 2020-21 school year.

We feel it is important for students to go outside during recess time. We ask parents to see that their children are appropriately dressed for the weather conditions. On most days students will be expected to go outside. However, on inclement weather days when air quality is extremely poor or air temperature is extremely cold, they will be allowed to stay in. We realize at times a child may be required to stay in because of an illness or an injury. For an illness that may require your child to stay inside for an occasional school day, send a note to the teacher for each day that the child needs to stay indoors. If your child has had a serious illness or injury requiring him/her to remain indoors for more than three consecutive days, a doctor's note will be needed. If this is the case, please phone the teacher to make special arrangements.

Emergency Drills and Information

- Fire and disaster drill rules and procedures are reviewed with students each September. Drills are held throughout the year.
- In case of an imminent storm or hazardous forecast occurring around dismissal time, students are not released until the danger has passed. Parents may come to school to pick up their own children at such times. Children will not be released into the care of a neighbor unless their parents have sent a written request or are listed on the student's emergency card.

The following summary is provided for you in order that you may be acquainted with our procedures and so that you can assist in providing your children with instructions that they will need if such a situation occurs:

Emergency Where School Is NOT Dismissed

In case of an emergency in which students remain at school, the principal will be responsible for giving warning and instruction to faculty, coordinating with local authorities, and maintaining contact with Murray City School District officials. Teachers will be well acquainted with the school's emergency preparedness plan and take appropriate measures to ensure the safety of all students. In case of a building evacuation they will take their students away from the building to their designated place (LDS Church Building 6300 South 700 West), account for each child, and report to the principal. Students will have the responsibility of following the instructions of their teachers quickly and completely. Students will remain with their teacher at all times. When local authorities give their clearance, the students and staff will return to their classrooms.

In case of a situation in which the local authorities and district office find it inadvisable to re-enter the building or dismiss the students, teachers will escort their students to designated pick up area at the designated reunification point (LDS Church Building 6300 South 700 West), for emergency evacuation procedures.

Emergency Where School IS Dismissed

When communication has been received from the Superintendent that our school will be closed, the school will try to notify parents through radio, television broadcasts, the District website, social media, and telephone. For this to happen during a school day would be a last resort under extreme conditions. No student will be sent home without prior notification to the parent/guardian directly.

Please discuss with your children the steps they would need to take in case the school had to be closed.

Safe and Orderly Schools

All parents received a copy of the Murray City School District Safe and Orderly Schools Policy during registration. Please read this information and go over it with your student.

Dress Code

Experience indicates that there is a real and reasonable connection between proper dress and grooming and the maintenance of school discipline. Dress should not interfere with the learning environment of a school or prove a hazard to the student's safety or the safety of others. Therefore the following standards have been set:

1. School dress should be comfortable and clean at all times.
2. Hats and visors are not permitted inside the school building. Bandanas are not permitted at all.
3. Clothing and hairstyles which are conspicuous and extreme are not allowed. For example:
 - a. spiked clothing, chains
 - b. clothing with obscene or suggestive images and/or depicting favorable attitudes toward drug and alcohol use
 - c. clothing (such as sagging pants), badges, jewelry, or mode of appearance that denotes gang involvement or affiliation
4. Students will not be allowed to wear clothes that are mutilated or immodest, such as short shorts, mini-skirts, bare midriffs, halter-tops, tank tops, or other similar attire. Shorts which are of modest length (arms extended to side of body—bottom of shorts must match extended fingertips) may be worn during the first and last quarters of school.
5. In the interest of good hygiene, proper footwear (shoes) and socks should be worn at all times. To prevent injuries to the feet, flip-flops or loose sandals are not permitted.

Student dress and grooming will be the responsibility of the individual and his parents/guardian.

Lost & Found

Please label all jackets, sweaters, coats, lunchboxes, sports equipment, etc. your child brings to school. We would like to prevent as much clothing loss as possible. All found items are placed in the lost and found box located in the foyer. Students missing any personal items should check there. We donate many unmarked items to a charitable organization when we no longer have space to store them on a regular basis. Lost and found items are located in the crossroads of the library hallway and the second through sixth grade hallway.

Textbooks and Supplies

In case of loss or damage to school texts, library books, or other supplies and equipment furnished by the school, students will be expected to pay a replacement fee.

Bringing Items from Home

Please do not bring weapons (including facsimiles) of any kind, fireworks or caps, toys, electronics and video games, etc. to school. These items are a distraction in the learning environment and become a nuisance for the teachers and other staff to deal with. The school is not liable for theft of personal items brought to school. These items will be confiscated and not returned except to parents or guardians.

Cell Phones/Smart Watches & Other Mobile Devices

All Elementary schools in Murray City School District follow the [Murray School District Elementary Schools Privately Owned Device Policy](#). Schools do not assume responsibility for privately owned electronic devices at any time.

Phone Use

Office phones are not for student use except in extreme emergencies. Arrangements to go home with friends must be made at home. Each classroom has a phone in place for contact with parents by teacher and students as deemed necessary by the teacher. All calls to students and teachers are filtered through the office to prevent classroom interruptions. In an urgent or emergency situation, the office staff will ensure that the teacher /student receives the message immediately. In the event that students need to call home after school has been dismissed because they are not sure their ride has shown, students will be asked to wait until 3:25 to ensure traffic has cleared and their transportation is in fact not here. Other calls after school will be at the discretion of the office staff.

STUDENT SERVICES

Breakfast and Lunch Program

A nutritious school breakfast and lunch are served daily. Students may also bring a lunch and purchase milk separately. Parents are encouraged to pay for lunches on a weekly or monthly basis. Please keep your child's lunch account up-to-date. Subsidized lunches are available to families with qualifying incomes. Inquire at the office for more information.

Computers

Parents are required to read and complete an Acceptable Use Permission Form during registration prior to their child being allowed to access the Internet at school. Please read this information and go over it with your student. The Acceptable Use Permission Form can be found on Murray School District Webpage in the Technology Department link.

Homework

In our shift towards mastery grading, we are also shifting our understanding of homework to encourage mastery. Research from John Hattie shows that homework in the traditional sense has minimal effect on student learning. While a reasonable amount of individual study at home is beneficial for most elementary students, especially those in the upper elementary grades, parents can expect homework to become more meaningful and less frequent. It is the expectation of all Grant teachers that students will read every evening, during which it is recommended that parents read with their children and/or engage in conversation about their child's reading. In addition to reading at home, parents can expect meaningful projects and small practice assignments to assess students' level of unit retention.

SCHOOL-HOME COMMUNICATIONS

Parent-Teacher Conferences

Conferences are designed to provide parents and teachers the opportunity to discuss achievement levels, academic learning, and personal growth. Should you need to meet with your child's teacher more frequently, please contact him/her directly. We encourage parent involvement and healthy communication between the school and home.

Written Reports of Progress

Report Cards, based on a student's growth in relation to ability, are distributed to parents at the end of each term, four per year. The progress report will either be taken home by the student, or the parent will receive the progress report at a conference. The report form reflects all areas of the curriculum as well as citizenship marks. The expectation for each student is determined through a systematic program of school ability testing and through the professional judgments of teachers.

Midterms—In addition to report cards, four midterm reports in grades 4-6 are sent during the middle of each quarter. Other reports are sent home from the teacher when necessary or appropriate to indicate problems or to relate special achievements.

Home Newsletter

School to home communication is an important part of student success and an ongoing commitment at Grant Elementary. Teachers will communicate on a regular basis to students and families regarding classroom activities, important dates, learning goals for the week and school work updates. School administration will communicate with all families on an ongoing basis regarding general school activities, calendar items, school to home tips, and other information.

School Community Council

The School Community Council has representation from the parent/guardian and school employee groups. The purpose of this Council is to work on plans related to school improvement. They are also largely responsible for creating a plan for the expenditure of state granted Trustland funds.

PTA (Parent-Teacher Association)

Grant Elementary is honored to have a highly effective PTA. Their efforts over the years have increased the stability of the school-community connection and communication. Through their many hours of hard work and great insight, the amount of activities and supplies for students has increased dramatically.
