

Welcome to
1st Grade
2021-22

Welcome to First Grade! My name is Jennifer Simpson, and I am your child's teacher this year. I am excited for this year! I want to welcome you to the teaching team. I know that by working together we can help each child reach his or her potential. If you have questions, concerns or need resources, please let me know.

Parent Square - Simpson First Grade

Take Home and Bring Back Folder: Please look at the work that is sent home. This will help you as a parent - pinpoint areas that need to be reinforced in reading and math. Most importantly, it is your chance to let your child know that you value all the hard work and achievements he or she is making. Please leave the folder in their backpack. You can return materials back to me in the folder too. Our weekly communication log will be in the folder. I will send the first communication log home the week of August the 23rd.

Chromebooks -Chromebooks will come home each night and need to be charged and brought back to school each day. I will send home Chromebooks on Tuesday or Wednesday. I want to make sure each of the children know how to log on with their clever badge.

1st Grade Weekly Snapshot

Each week I will be uploading our class weekly snapshot to Parent Square. It gives you an overview of the week and our learning targets for ELA, math, science, and social studies.

Reading Goal: 20 minutes a day!

EXPOSE YOUR CHILD TO THE WONDERFUL WORLD OF BOOKS!!

This is your time to read together. You and your child can read books from home, the library, and online resources. This is the time to help build vocabulary and comprehension. Enjoy the time with each other and make it a positive experience. Please record the minutes read each night on the communication log.

Remember- Together, We Can! Mrs. Simpson
