

Welcome Back!

Dear Parents and Students,

Welcome back to a brand new school year! I am so excited to be back in the classroom with students. We have already begun to use our chromebooks for digital learning. During the first 2 days of school, students had a Google Driving Permit Course and a Google Driver's Licence Course to help review computer skills that will be needed throughout the school year.

We have already started to use Google Classroom. Each assignment posted online has a due date listed on Google Classroom. During the first week of school, most of the digital work has been posted on Google Classroom. So far, all math assignments have been posted on Classkick. We have also used Nearpod for 3 Digital Citizenship lessons.

We have spent much of our first week learning classroom procedures. As a class, We have created our own class behavior expectations using the acronym G-R-E-A-T, that mirror's the school wide G-R-E-A-T.

I will be adding videos to Google Classroom to explain our lessons. I am currently learning to use more technology to help improve instruction. Please let me know if you have any concerns or questions. I am looking forward to great school year!

I can be contacted at: jsimpson@murrayschools.org or at 801-264-7416 ext 5611.

Sincerely,

Jeanne Simpson
